If you're looking for **breaking through** 'invisible' plateaus in your life to experience more attraction, abundance, wealth, beauty, love, happiness, fulfillment, purpose and even greater consensual connection and sex FAR beyond your current limitations or reality, this is **just** the kind of thing you're looking for.

You can go ahead and squeeze the maximum value out of these life-changing level questions included herein. They're taken directly from the full 101 Awakening Questions PDF (program). The categories represented below are only some of the categories.

If you love these and really want 'more more more', at any point you can find out more about, purchase and upgrade to the full, extended version

to get the 101 Questions plus much more insight with its 14+ hours of audio supplementation and guidance.

As you may know, the power of a question can change EVERYTHING...it can open up entirely new levels of reality. Did you know that both Newton and Einstein had their biggest breakthroughs by asking a question? What about YOUR life?

As you'll discover, these questions aren't at all like general or generic 'thoughtful' or philosophical random questions you've heard before, these awakening power questions are specifically designed to FOCUS, connect and transform you with their far higher consciousness.

And they'll make specific, directed shifts in your consciousness to transform you in different areas of self and on important, relevant topics to your life, relationships, attraction and success.

Because these are spiritual questions applied directly to personal growth, they will really help you to experience transformative power beyond what you may have felt was a 'cap' on traditional Western 'thinking'.

They are also designed to clue you in to how to make that change. Often you may find the changes just happen instantly b/c you're exposed to far, far higher consciousness which will really start shifting and altering your entire experience of life itself.

Allow yourself to be open. Meditate, write them down, repeat them, rewrite them down. If you've upgraded to the extended version (which can be overwhelming), you may want to start by digging into specific questions which may seem more relevant to where you're at now where you want growth in.

Keep a journal or notepad and write each question down first and then let whatever comes up down. Be open and let things out. And then ask yourself questions if they are limiting like 'why do I feel that way? Where does that come from? What would my heart and soul agree with? Is my ego trying to answer this question, or how about my cultural conditioning and programming?

To get more power out of the questions, you'll want to soak them in and meditate on them until they assimilate more into your entire reality. Your ego may fight many of these questions pending on the level of (spiritual) growth you're at. Try and become aware and observant of that struggle.

So here's 10 of the questions taken from the full program (with their actual #'s on) which are taken as a sampling from some of the categories. You can also leave [some feedback here!](#) [Make sure to download or check out the audio clips!](#)

11. Why is it that I would prefer or value one area of self-consciousness over another in a way that keeps me blinded from actually becoming more conscious, healed, empowered and liberated in all areas of self for what they really are? [Mind, Body or Soul vs. a valuation of each and all Mind, Body, Heart, Sexiness & Soul for what each conscious energy actually is]

Healing

24. Could I accept anti-aging is possible when I progressively release and heal energetic blocks (through higher resonant consciousness) in my entire holistic consciousness (mind, body, heart, sexiness and soul) that I've been storing that have otherwise gone untouched and have been putting stress on my system?

Spiritual Relational Mastery

(Right click 'save as' or follow the link above to get the .mp3 insights)

35. If the power of media is non-physical (thus it must be spiritual in a way) and can carry and communicate sexual, emotional, mental and spiritual conscious energy in a non-physical (spiritual) social medium of distribution to also hold power and massive influence on that level, how much mastery do I have over the levels of consciousness in media and 'programming' that I allow to affect or influence my own heart, sexiness, mind and soul in the first place?

Forgiveness

36. Could I entirely feel my forgiveness and lifelong releasing for the entire dynamic of Western media for trying to program me as I clearly see; after all it's just their job (and they've fallen into their own lower conscious cycles of fabrication) and just let it all go while attracting more conscious awakening resources into my life to awaken myself?

Life Purpose

94. Am I being and vibrating in full conscious and subconscious (Mind, Heart, Body, Sexiness & Soul) alignment, clarity and expression of my cause, passion and purpose on earth in this lifetime and if not, why not and when will I?

Attraction

(Right click 'save as' or follow the link above to get the .mp3 insights)

52. What levels of richness of love, beauty, bliss and financial miracles of blessings am I feeling worthy of and truly open to receiving (b/c if my cup is too small I might not be able to hold much at all?)

55. What if unconditional giving was the true secret to attraction and success that I could make my strategy while stopping my energy of 'getting' by truly clearing out my subconscious needs for security, self-esteem and love so I could infinitely receive from the universe?

Personal Freedom

70. Let's just assume I was actually divine and my intestines could wrap around the moon or whatever and my blood vessels around the earth and I could access unlimited amounts of spiritual and sexual connection and power in my consciousness, blah, blah, what new possibilities would that open up and how about for fulfilling my greater purpose and dreams?

71. What if I was free from depending on money and could exercise free will without any limitations, what would I do with my time and where would my Heart & Soul take me?

Sexiness

(Right click 'save as' or follow the link above to get the .mp3 insights)

79. If I have the power to create the miracle of life (an ability far beyond my egoic self), when is the time to start respecting and connecting with that miraculous power if it could absolutely transform my sexiness, attraction, relationships, awesomeness, power, cure ignorance and heal all anxieties and unworthiness simply by becoming more conscious of that which I already am?

.....
